## ABOUT THE SHERIFFS

Howdy & Welcome! We came to Gotland in spring 2015 from the U.S. and opened the Mexican restaurant “Gothems Cantina Y Casitas” in Gothem. Following the success there and with a shared passion for American smoked BBQ we decided to open Bad Wolf BBQ in Visby March 2016. All of our food is smoked onsite in Gothem in a 4.5m American smoker and all of our food is home-made. We love our food and think you will too...if not it's on us!! “Arrrhhh-Wooo”! Cheers, Erik & Vanessa

## ABOUT OUR BBQ

We long smoke all of our meats in a 4.5m American smoker in Gothem (co-located with our Mexican restaurant) using locally sourced Birch, which imparts just the right amount of smoky flavour to the meat. We also dry rub our ribs in authentic Texas style so you can see, smell and taste the real star of smoked BBQ, the MEAT!! Real smoked BBQ will have a signature pink tint (this is how you know it is really smoked and occurs with all smoked meats) as the smoke reacts with the proteins in the meat to preserve it. Our meats take on average 6 to 8 hours to smoke and as long as 12 hours for the pulled pork and is smoked low and slow at temperatures not exceeding 110C.

Thank You for dining with us!  
Don't forget to visit us at our other location!
